REGULATION UPDATE

**Automotive
Maintenance &
Repair
Association**

July 2015

STATE: PROPOSED NUMBER:

AR 2015 AR 6991

AGENCY: Department of Environmental Quality/Hazardous Waste Division

TOPIC: Hazardous Waste / Solvent Wipes- amends rules concerning Regulation 23, Hazardous Waste Management. Proposed amendments will include the addition of conditional exclusions from regulation for solvent wipes which are cleaned for reuse, and for carbon dioxide streams used in geologic sequestration operations. Establishment of an electronic waste manifest system to track shipments of hazardous wastes. Revision of provisions affecting cathode ray tube exports. Termination of the National Environmental Performance Track Program, which has been discontinued by the U.S. Environmental Protection Agency, and the correction of typographical errors, erroneous citations, and formatting inconsistencies in the current regulation

STATUS: 06/03/2015 Notice of Intended Action

COMMENT DEADLINE: 07/14/2015

FL 2012 FL 38656

AGENCY: Department of Revenue/Division of Sales and Use Tax

TOPIC: Tire and Battery Fees- the purpose of the proposed amendments to Rule 12A-12.001, F.A.C. (New Tire Fee), is to: (1) reorganize the rule to improve readability and simplify provisions regarding the new tire fee; (2) clarify that the fee is applicable when a new motor vehicle tire is sold to a governmental entity or a tax-exempt entity; (3) provide that the fee is not to be marked up beyond the statutory rate; (4) clarify the term "motor vehicle" for purposes of the fee, providing examples of various types of vehicles and whether the tires sold for use on such vehicles are subject to the fee; (5) provide that tires used on racing vehicles that are not operated on Florida highways are not subject to the new tire fee; (6) revise the suggested exemption certificate used to purchase tires for vehicles that are not subject to the fee; and (7) put dealers on notice of the requirement to maintain the exemption certificates in their records.

The purpose of the proposed amendments to Rule 12A-12.0011, F.A.C. (Battery Fee), is to: (1) reorganize the rule to improve readability and simplify provisions regarding the lead-acid battery fee; (2) clarify that the fee is applicable when a battery is sold to a governmental entity or a tax-exempt entity; (3) provide that the fee is not to be marked up beyond the statutory rate; (4) adopt the revised provisions of Rule 12A-12.001, F.A.C., regarding the definition of "motor vehicle" for purposes of the fee; and (5) clarify the definition of a "new" lead-acid battery and a "remanufactured" lead-acid battery for purposes of the fee.

AGENCY: Pollution Control Board

TOPIC: Waste Tires- intends to protect the State's residents from threats resulting from the inappropriate and illegal disposal of used and waste tires while simultaneously minimizing impacts on markets and businesses that diminish those threats by transforming used and waste tires into marketable commodities

STATUS: 02/27/2015 Proposed Rule

COMMENT DEADLINE: 04/13/2015

06/26/2015 Filed with the Joint Committee on Administrative Rules

LINK:

IN 2012 IN 12200

AGENCY: Department of Environmental Management/Solid Waste Management Board

TOPIC: Waste Tires-This rulemaking proposes changes to the waste tire management rules at 329 IAC 15. The rule changes are intended to clarify and update the rules to address current conditions in the industry, and incorporate statutory changes mandated by Public Law 37-2012 into the rules. These changes include eliminating outdated references to Indiana Code (IC) citations, adding definitions and references to improve clarity in the rule, removing the waste tire transporter manifest form from the rule, and updating financial assurance requirements. In addition to those updates, the statutory changes will authorize local government tire amnesty programs as another means to collect and process waste tires. All of these rule changes are designed to increase the efficiency and accuracy of the waste tire rules rather than initiate a major overhaul of waste tire management. The main groups that will be affected by the rulemaking are the transporters, storage sites, and processing sites in the waste tire management industry.

TOPIC: Inspections- Saf-C 3200, Motor Vehicle Inspection Requirements, various sections, is being adopted and readopted with amendment as an interim rule pursuant to RSA S41-A:19, I1(e) to minimize the time between the expiration of rules and their subsequent readoption by the Department. In this proposal, the Department seeks to adopt those rules, without change, until the Department can commence regular rulemaking with significant substantive changes. Additionally, this proposal seeks to readopt a small number of rules that had been amended by Document no 9184, effective June 20,2008, but not superseded

TN 2014 TN 11603

AGENCY: Department of Environment and Conservation/Division of Solid Waste Management

TOPIC: Hazardous Waste / Solvent-Contaminated Wipes- updates the hazardous waste regulations by incorporating the following federal changes: amends the definition of solid waste to conditionally exempt solvent-contaminated wipes that are cleaned and reused and revised the definition of hazardous waste to conditionally exempt solvent-contaminated wipes that are disposed. Conditionally excludes carbon dioxide streams that are hazardous from the definition of hazardous waste provided these carbon dioxide streams are captured from emission sources and injected into Class VI injection wells for the purpose of geologic sequestration. Allows the use of an electronic hazardous waste manifesting system. Amends the export provisions of Cathode Ray Tube recycling.
